RICHMOND, VA – March 16, 2007

James River Bus Lines and its Carey VIP Chauffeured Services division both underwent a rigorous inspection by the United States Department of Defense during the month of February. The inspection covered all of the company’s facilities, terminals, and equipment as well as safety and passenger comfort items. Both organizations earned the coveted #1, “Outstanding” rating. This is the highest rating possible and has historically been achieved by only the top 5% of all inspected carriers (a #2 rating is considered “Excellent”). It is important to note that not all carriers even choose to submit to the Department of Defense inspections.

This sort of performance has been a central goal of James River Bus Lines’ strategy to provide their customers with the highest levels of safety, security, and service in the travel industry.
