FOR IMMEDIATE RELEASE

Contact: Craig Treanor

RICHMOND, VA – October 17, 2006

Starting November 1, 2006 Carey VIP Chauffeured Services will take over the Shared Ride ground transportation service at Norfolk International Airport. The new service will be called Carey VIP Airport Connection. The company has purchased brand new vehicles and is in the process of hiring and training the appropriate staff. Some of the new vehicles are 2007 Crown Victoria sedans with extended legroom in the rear seat for passenger comfort. Other vehicles are 2007 Ford Vans with individual seating and center aisles for easier passenger boarding. All of these vehicles are equipped with video surveillance and satellite tracking systems for safety, security and superior customer service.

Drivers will wear uniforms and receive extensive safety and customer service training. They will also undergo criminal background checks, drug testing and DOT physicals. Much of the process comes from our existing award winning safety and security program for chauffeurs and motorcoach drivers.

The Carey VIP Airport Connection service will offer the convenience of door-to-door service between the Norfolk Airport and any location. Customers will be able to make advance reservations or walk up purchases 24 hours per day, 7 days per week. In addition, corporate accounts, travel agent programs, and voucher systems will be established.

Carey VIP's ability to offer ground transportation with superior customer service at affordable prices should solve a major competitive issue for organizations trying to attract conventions, meetings and businesses to the region.
